

HEALTH CHECK-UP PACKAGES, INCLUDED TESTS, AND PRICES

The Basic Health Check-up Package costs 7500 INR and includes essential health screenings such as blood pressure measurement, BMI calculation, complete blood count (CBC), fasting blood sugar (FBS) test, lipid profile (cholesterol) test, and urinalysis.

For a more thorough assessment, the Comprehensive Wellness Package is available at a price of 15000 INR. It offers all the tests included in the Basic Health Check-up Package along with additional screenings like liver function tests (LFTs), kidney function tests (KFTs), thyroid function tests (TFTs), an electrocardiogram (ECG), and a chest X-ray.

Priced at 22500 INR, the Executive Health Screening Package is tailored for executives and individuals seeking comprehensive health evaluation. It encompasses all the tests from the Comprehensive Wellness Package, with further cardiovascular assessments such as stress tests or echocardiograms, along with additional screenings personalized based on individual risk factors and medical history.

Focused on cardiac health, the Cardiac Risk Assessment Package is available at a price of 18750 INR. It includes all tests from the Comprehensive Wellness Package, with added emphasis on specialized cardiac markers and imaging tests like coronary CT angiography or cardiac MRI.

The Women's Health Package, priced at 11250 INR, is designed specifically for women. It comprises all tests from the Comprehensive Wellness Package, alongside gynecological examination, Pap smear (cervical cancer screening), breast examination, and mammogram for women above a certain age or with specific risk factors.

Tailored for men, the Men's Health Package is also priced at 11250 INR. It includes all tests from the Comprehensive Wellness Package, with additional screenings such as prostate-specific antigen (PSA) test for prostate cancer screening, testicular examination, and other tests recommended based on individual health history and risk factors.
